ITALY DECLARES WAR ON TURKEY

British Sub. Sinks German Cruiser in Baltic—Lapland Arrives

RUSSIANS DRIVE GERMAN FLEET FROM GULF OF RIGA WITH BIG LOSS

Germans Lose Battle Cruiser, Three Cruisers and Seven Torpedo Boats

German Fleet Has Withdrawn Defeated From Gulf of Riga, According to Announcement of President of Duma—Three Barges Crammed With German Troops Endeavoring to Effect Landing Are Annihilated and Barges Captured.

LONDON, Aug. 23.—A despatch to the Central News from Petrograd says:

"The president of the Duma has announced that the Germans lost the battle cruiser Moltke, three cruisers and seven torpedo boats in the Riga battle."

The announcement of the president of the duma, as sent by the correspondent follows: "In the Riga battle the Germans lost one battle cruiser, the Moltke, three cruisers and seven boats. The German fleet has withdrawn from Riga bay.

"The Germans tried to make a descent near Pernpvin (Pernigel on the east shore of the Gulf of Riga, some 35 miles north.) Four barges crammed with soldiers took part in the descent. They were repulsed by the Russian troops without the co-operation of artillery, the Germans being exterminated and the barges captured."

The German battle cruiser Moltke was a vessel of 23,000 tons and carried in ordinary times a complement of 1,107 men. She was a sister ship of the famous Goeben, which became a part of the Turkish navy after the commencement of the war and was re-christened Sultan Selim.

The Moltke was 950 feet long and 97 feet in beam with ten eleven-inch guns and twelve 24-pounders. In addition her armament included for 20-inch torpedo tubes. She was built in 1911 and had a speed of about 28 knots.

The Moltke was in the battle with the British fleet in the North Sea last January, when the German armored cruiser Blucher was sunk. The cost of the Moltke was about $12,000,000.

RUSSIAN NAVY IS CONGRATULATED BY DUMA UPON ITS SPLENDID ACHIEVEMENT

By Bulletin Leased Wire

LONDON, Aug. 23, 2:55 a.m.—A despatch to the Times from Petrograd confirms the announcement of M. Rodzianko, the president of the Duma, of a Russian victory in the Gulf of Riga, and the sinking of the German battle cruiser Moltke. The correspondent appended to his despatch the following official communication:

"Confirmation of the naval victory in the Gulf of Riga was conveyed to the Duma committees today by M. Rodzianko, president of the Duma. The members of the committees requested M. Rodzianko to congratulate the navy on its splendid achievement, and to convey to the minister of war their compliments on the defeat of the German invader at Bernau by local levies.

"Petrograd indulged in pardonable rejoicing this afternoon. The desperate efforts of the Germans to uproot our military plans by creating a diversion on the Estonian coast have signally failed. According to the news received today they sustained heavy losses during the operations connected with the forcing of the Gulf of Riga.

"Aided by our submarines we were able from the shelter of Great and Little Sounds to harass and cripple and finally drive the enemy out of the gulf.

"The losses of the gallant Baltic fleet were extremely small, in no way impairing its efficiency, and so long as the Germans do not receive serious danger can immediately threaten Petrograd."

REPORT OF GERMAN DEFEAT IN GULF OF RIGA CREATES GREAT ENTHUSIASM IN PETROGRAD

By Bulletin Leased Wire.

PETROGRAD, Aug. 22, via London, Aug. 23—The statement made in the Duma tonight by the president of the chamber, M. Rodzianko, that the German fleet had been defeated in Riga, with the loss of the battle cruiser Moltke and three other cruisers and seven torpedo boats, elicited unbounded enthusiasm and was accompanied by marching scenes. The despatch of all factions mutually congratulated one another.

The news spread through the city and the people gathered at the newspaper offices waiting the handing out of the official bulletin concerning the battle. The people regard the reported victory as the turning of the tide in favor of Russia.

Will Dissipate Discontent.

The effect of the destruction of a German vessel of the dreadnought class by a British submarine will, it is expected, have a beneficial political result and tend to dissipate largely the cloud of discontent over the apparent inaction of the western allies. While the Russian government and naval and military officials have a direct understanding with those in authority in the allied countries, it has been and still is impossible to take the people entirely into their confidence.

The naval successes combined with favorable news from the Dardanelles, the declaration of war against Turkey by Italy, the reported clearing of the diplomatic atmosphere in the Balkans and Foreign Minister Sasonoff's categorical denial that there is the slightest foundation for the undercurrent talk of a separate peace on the part of Russia, is expected to react beneficially for the military operations.

Confidence is Inspired.

The retention of the Bialystok railway and diversionists of the Niemen river in Russian hands, and the firmness of the whole Russian line under the most recent attacks, inspires confidence in the military authorities that the darkest hour has passed.

With tens of thousands of refugees reaching the interior from all the theatres of the war, the government and the public are being taxed to their utmost. Naturally there is considerable privation. The president of the Armenian Central Committee at Tiflis, after a journey through Igdyr, Etchmiadzin and Erivan, has telegraphed the duma that 200,000 refugees have reached the Caucasus. He adds that the Armenian populations in the vilayets occupied by the Turkish forces, have virtually been exterminated.

The efforts of certain of the Conservative deputies to curtail the duma's session have elicited a protest from the workmen of important factories producing war stores.

Duma to Ask Questions.

The duma has by a virtually unanimous vote decided to interpellate the government concerning the "collision between the police and workingmen and their families in the factory town of Kostrowa, July 15th. The government report says that nine workingmen were wounded. The Social Democratic deputy who proposed the question, stated that 12 persons were killed and forty-five wounded. He represented the workingmen as having been unarmed and engaged in an ordinary strike for the betterment of their pecuniary and living factors. He said the demands of the men had been immediately conceded after collision.

WILL CONSOLIDATE SEATS.

WINNIPEG, Man. Aug. 21 — The Telegram today says: "The Norris government has definitely decided that there will be no elections in the Northland except at The Pas, and that the three seats in that region will be consolidated at the next session of the Legislature."

WILL INCLUDE OLD MINISTERS

PARIS, Aug. 22.—A despatch to the Havas Agency from Athens says the new Greek cabinet will include almost all the ministers in the old cabinet of M. Venizelos.

BATTLE CRUISER MOLTKE VICTIM OF BRITISH "SUB"

PETROGRAD, Aug. 22, via London—The following official statement was issued yesterday:

"A British submarine successfully torpedoed a German cruiser in the Baltic sea.

"The German fleet has left the Gulf of Riga.

"Our destroyers in the Black Sea have sunk over a hundred Turkish boats."

The Russians apparently admit no loss in the Gulf of Riga battle. A German statement issued yesterday declared that the Russian gunboats Sivutch and Koreiets and a torpedo boat were destroyed, while several others were damaged.

Reports from Petrograd indicate that the German cruiser destroyed by the British submarine was the Moltke, a ship of 23,000 tons, carrying over 1,000 men. She was a sister ship of the Goeben and cost in the neighborhood of $12,000,000.

SUBMARINE HID BEHIND DUNSLEY

German Underwater Craft Lay in Wait for the Unsuspecting Arabic

By Bulletin Leased Wire

LIVERPOOL, Aug. 22.—According to survivors of the steamer Dunsley, torpedoed by a German submarine last Saturday, the White Star liner Arabic was sunk by the underwater craft hid behind the Dunsley's unsunk hulk to lay in wait for the larger vessel. The survivors declare they had been ordered off their ship and were in life boats when the submarine concealed herself from the approaching Arabic.

It is stated that when the liner came close enough to make an attack possible the submarine submerged, went around the Dunsley's stern and launched the fatal torpedo. Survivors say that the German boat which came up alongside the Dunsley, bore no number.

No previous definited statement as to the fate of the Dunsley has come through from London. It was announced that she had been torpedoed, but it had not been known whether or not she succeeded in reaching port with her passengers.

TWO BRITISH SHIPS SUNK WITH DISASTER.

By Bulletin Leased Wire.

LONDON, Aug. 22.—The British steamers Windsor and Wm. Dawson have met with disaster. The Windsor, a vessel of 6,055 tons, has, according to reports been sunk, the Wm. Dawson, an old steamer of 284 tons, has been blown up. The crew of the Windsor was saved, but five men of the Dawson's crew were lost.

GERMANY'S WAR MATERIAL HELD UP BY RUMANIA

By Bulletin Leased Wire.

LONDON, Aug. 22.—A Reuter despatch from Bucharest, Rumania, says:

Private advices from Bucharest state it is feared there that Germany has sent an ultimatum to Roumania regarding the right to transport munitions of war for Turkey through Rumanian territory. The Rumania cabinet is firmly resolved not to grant this permission.

"A large number of cars laden with war material has been held up at Predeal, a village near the Tomos Pass, where it is reported Rumanian troops are concentrating. Troops also are massing at Jassy, about 200 miles northeast of Bucharest, and the petroleum regions have been heavily bombarded."

VENIZELOS NOW GREEK PREMIER

Has Accepted Post After Perfect Understanding With King Of Greece

By Bulletin Leased Wire.

LONDON, Aug. 22—M. Rethuriotis Venizelos accepted the post of premier of Greece, after a conference today with King Constantine, which resulted in a perfect understanding between them.

The king congratulated M. Venizelos, who will present as soon as possible the list of men he will invite to accept portfolios, and the new premier will take the oath tomorrow.

Athens is enthusiastically celebrating M. Venizelos' return to power. In addition to the premiership, M. Venizelos will take charge of the ministry of foreign affairs.

This information is contained in a Reuter despatch from Athens.

39 WERE LOST WHEN ARABIC WAS TORPEDOED

This Is Announcement of White Star Line After Investigation

U. S. AWAITS REPORT OF ITS AMBASSADOR

Survivors of Arabic All Pay Tribute to Ship's Crew

By Bulletin Leased Wire

WASHINGTON, Aug. 22. — It was understood tonight that the important report awaited before the United States decides upon whether or not Germany has committed a deliberately unfriendly act is expected from Ambassador Gerard at Berlin. Cabled statements of American survivors apparently have left no doubt that the Arabic with 50 Americans on board, was torpedoed without warning. It seems improbable that the additional members will be summoned before final report on the Arabic disaster are received.

Thirty-nine Were Lost

QUEENSTOWN, Aug. 22.—Thirty-nine persons lost their lives in the sinking of the steamer Arabic, the White Star line announced last night after completing an investigation regarding the total number of persons aboard. It is stated that 12 cabin passengers, 6 steerage passengers and 21 members of the crew cannot be accounted for and must be put down as lost. The coroner has decided that no inquest will be necessary over the bodies recovered and consequently Captain Finch, who was waiting to give evidence, left for Liverpool.

The woman whose body was found in the bottom of a drifting lifeboat was identified last night by one of the Arabic's passengers as Mrs. Eaton, of Bolton, Lancashire, who was on her way to New York to meet her husband. Her daughter, who was with her, was saved and has returned to Bolton.

Survivors at Liverpool and London

LONDON, Aug. 22—Numbers of survivors of the Arabic have reached Liverpool and London and all these who have been seen confirm Captain Finch's assertion that no warning was given by the submarine and that the frothy streak made by the oncoming torpedo was the first intimation of the impending disaster.

"We're done boys; they've got us this time," Captain Finch shouted to his officers on the bridge, and the next minute, according to survivors, the torpedo struck the vessel and tore her side and bottom out. The shock from the explosion were suffocating, survivors said, and a great column of water rose high in the air and descended on the deck with a roar. Strong men were knocked down and washed overboard, passengers declared, and women were left dead on the deck. All the survivors paid a tribute to the wonderful work of the officers and crew in saving so many persons in ten minutes' time.

TURKISH AMBASSADOR AT ROME GETS HIS PASSPORTS

Italian Envoy at Constantinople Will Leave at Once, Most of His Staff Already Having Departed—United States Will Look After Italian Interests in Ottoman Empire—Frequent Breaking of Catagorical Promises by Porte Is Cause of Italy's Action

By Bulletin Leased Wire.

LONDON, Aug. 22.—Marquis Digirroni, Italian ambassador to Turkey yesterday handed to the Porte a note declaring Italy considered herself in a state of war with Turkey and demanded his passports, according to an official telegram from Constantinople received at Amsterdam and transmitted to the Central News.

PARIS, Aug. 22.—The Turkish ambassador to Italy and the personnel of the Turkish embassy in Rome already have received their passports, it is stated in a press despatch from Rome. Marquis Di Garroni, Italian ambassador to Turkey, will leave Constantinople for Rome at once, travelling by way of Adrianople. Most of the Italian embassy's staff already have left.

UNITED STATES EMBASSY IN CHARGE

AMSTERDAM, via London, Aug. 22.—The Italian ambassador and the embassy staff left Constantinople at noon yesterday according to a telegram from the Turkish capital. The United States embassy has been entrusted with the task of protecting Italians in Turkey. One secretary and two dragomen remained at the Italian embassy.

CAUSES NO SURPRISE IN ROME.

ROME, Aug. 21.—Italy's declaration of war on Turkey has caused no surprise in diplomatic and political circles here. For several days it had been considered inevitable that Italy would take this step.

ITALY'S REASONS FOR HER ACTION.

LONDON, Aug. 22.—The Italian government, says a Steffani despatch from Rome, has sent to all its representatives aboard a circular despatch setting forth the questions at issue between Italy and Turkey. The despatch closes with these words:

"In view of these obvious infractions of categorical promises made by the Ottoman government, particularly with regard to the free departure of Italian subjects from Asia Minor, the Italian government has sent instructions to its ambassador at Constantinople to declare war on Turkey."

GREAT ENTHUSIASM IN RUMANIA.

GENEVA, via Paris, Aug. 22, 5 p.m.—The Bucharest, Rumania, correspondent of the Tribune sends the following:

"News of the Italian declaration of war against Turkey reached here at 8 o'clock last night. There was much enthusiasm throughout the city. The king at once called a meeting of the cabinet and the Italian ambassador was present. The meeting today will hold a conference with all the representatives of the Balkan states. Yesterday he signed several decrees of a military nature."

SERBIA AND BULGARIA FRIENDLY

GENEVA, Aug. 21, via Paris, Aug. 22.—The Bucharest, Rumania, correspondent of the Tribune sends the following:

"Between Nish, Serbia, and Bucharest constant telegrams are passing. It is believed that Rumania will begin a general mobilization on August 21. Relations between Bulgaria, Rumania and Serbia at present are excellent."

Italy's Declaration of War On Turkey May Soon Move Balkans

LONDON, Aug. 22—Italy's declaration of war against Turkey is expected to have an almost immediate effect on the Balkan states, which are still debating which side they will take in the conflict. The relations between Italy and Rumania for years have been very intimate and the opinion is expressed here that it is probable, especially in view of the threatening attitude of the Germanic powers toward Rumania because of her refusal to allow ammunition to pass through her territory, that now Italy has broken relations with Turkey, Rumania will join the quadruple entente.

Bulgaria is still waiting for the reply of Serbia to the suggestions of the entente ministers that Serbia cede Macedonia to Bulgaria, while Greece is likely to declare her future policy when the Balkan question is settled. The opinion is expressed in diplomatic circles here that it is significant that M. Venizelos, who has been friendly to the entente, has decided to take charge of the foreign affairs, with an premiership, of the office of minister of foreign affairs.

May Mean Move in Balkans.

With the inclusion of Italy among Turkey's opponents in the war, and the former's well known desire of expansion in the near east, the Balkan states may consider that the time is ripe for them to enter the field and secure for themselves a share of what falls to the victorious group. It is for them to decide which side is likely to win.

The continued retirement of the Russian armies seems to have little, if any, influence on the situation, the opinion being expressed by military critics that victory of the entente allies in the Dardanelles would more than offset this set back so far as the near east is concerned, and the Franco-British forces are increasing their efforts to force the straits.

Little Change on East Front.

There is little change in Poland and the Baltic provinces. A big battle is being fought along the Kovno-Vilna railway and the river Niemen. This, however, is of secondary importance to the movements against Brest-Litovsk. The Austro-German forces are crossing rivers and roads both north and south of this fortress, which is invested from three sides, and certainly is not as to whether Grand Duke Nicholas intends to defend it or to fall further back. For the moment he is resisting the Austro-German advance, but this may be with rear guards, which have been detailed to inflict as much loss as possible upon the invaders and delay the progress of the Teutons.

Liveliness has prevailed at some points along the western front, but the engagements have been of minor importance. The French claim to have repulsed German attacks in Artois and in the Vosges, while both sides have been exchanging ammunition in artillery engagements, bomb throwing and cannonades in many places to annoy their opponents.

The Italians report slight progress on all their fronts.

Commander of British Submarine E-13 Tells of Grounding of His Boat on Danish Island of Saltholm—Helpless Men After Abandoning Submarine Protected by Danish Ships.

By Bulletin Leased Wire.

LONDON, Aug. 22—The story of the sinking of the British submarine E-13 whose log was made known in a brief statement issued by the admiralty announcement from the Admiralty yesterday as follows:

"A report has been received from Lieutenant Commander Layton, commanding the E-13, whose grounding on the Danish island of Saltholm was published yesterday. The lieutenant commander reports that the submarine grounded in the early morning of August 19. All efforts to refloat her failed.

"At five o'clock a Danish torpedo boat appeared on the scene and informed the E-13 that she would be allowed twenty-four hours to get off. At the same time a German torpedo boat arrived, and remained close to the Danish vessel for two more days. Torpedo boats came up, when she would depart.

"At 9 o'clock, while the three Danish torpedo boats were anchored close to the submarine, two German torpedo boats approached from the south. When about half a mile away one of these hoisted a commercial flag signal, but before the commanding officer of the E-13 had time to read it the German destroyer fired a torpedo at her from a distance of about 300 yards.

COTTON DECLARED CONTRABAND BY GREAT BRITAIN

Statement is Issued From Foreign Office On Saturday

TAKE MEASURES TO STOP DEPRESSION

Circumstances Might Have Justified Earlier Action Says Announcement

By Bulletin Leased Wire.

LONDON, Aug. 22—Cotton has been declared absolute contraband by Great Britain, according to a statement issued by the foreign office yesterday afternoon.

The declaration is effective from yesterday. A royal proclamation concerning the subject was published in a supplement of the London Gazette issued last night. It is very brief. After a preamble citing various proclamations concerning contraband, it says:

"Now therefore, we do hereby declare, by and with the advice of our privy council, that during the continuance of the war or until we do give further public notice, the following articles will be treated as absolute contraband, in addition to those set out in our royal proclamations aforementioned:

"Raw cotton, cotton linters, cotton waste and cotton yarn.

"And we do hereby further declare that this, our royal proclamation shall take effect from the date of its publication in the London Gazette."

The proclamation was signed Friday by King George.

The Official Announcement.

The announcement follows:

"His Majesty's government have declared cotton absolute contraband. While the circumstances might have justified such action at an earlier period his majesty's government are glad to think that local conditions of American interests likely to be affected are more favorable at such a step than they were a year ago, and moreover his majesty's government contemplate initiation of measures to relieve as far as possible any abnormal depression which might temporarily disturb market conditions."

Cotton is one of the basic components of smokeless powder and large quantities have been reaching Germany from the United States since the war began. These will now be subject to seizure. The southern state grow more than two-thirds of the cotton crop of the world. According to latest figures the United States output is 11,000,000 500-pound bales per year. East Indies 2,400,000 bales, Egypt 1,200,000 bales, the rest of the world producing an almost negligible quantity. The allies of Great Britain and Russia have also have urged the declaring of cotton contraband, but not more than once the United States unduly action has been withheld up to the present time.

SECY. TUMULTY REFERS TO CRISIS

Pres. Wilson Stands as Defender of Unavailable Rights Of Americans, He Says

SPRING LAKE BEACH, N.J., Aug. 22—Joseph P. Tumulty, secretary to President Wilson in an address he delivered here last night spoke of the situation with Germany as grave, and said that President Wilson stands as the defender of the inalienable rights of American, whether on land or sea. His words were cheered by 200 prominent Democrats of New Jersey, who took them as an indication of the president's policy in regard to the latest German submarine outrage.

Governor Fielder, secretary of State Thomas H. Martin, State Treasurer Edward E. Gunnip, State Controller Edward I. Edwards, and other notable party leaders of the state were in the crowd that wildly cheered Tumulty when he said a united nation would uphold the president in what he referred to as a "great international crisis."

"In the solemn hour," said Tumulty, "our president stands as the defender, the conservator and the spokesman of the inalienable rights of Americans on land and sea. To all the world he represents the majesty, the integrity, the very sovereignty of a great people, bent upon no mission of injustice, but interested in asserting and maintaining at every cost those rights of international law and humanity so vital to the life of the nation itself. Rights which were procured for us in an ancient day in America as a cost of blood and great sacrifice. In this hour of a great international crisis, our hopes, our hearts, our prayers are with our beloved president. If the necessity shall arise our lives and our sacred honor shall follow him."

Secretary Tumulty's address fell like a bomb along the Democrats who had gathered here at the direction of the Monmouth County democratic Committee for a love feast and to talk over plans for the fall campaign. Mr. Tumulty, who was one of the invited guests was not expected to refer to the international situation in the well return to Washington tomorrow.

DARING ROBBERY BY DAYLIGHT IN VANCOUVER

By Bulletin Leased Wire.

VANCOUVER, Aug. 22—The proprietors of the Dominion and Yale hotels have been arrested on charges of receiving stolen property in connection with the most daring daylight robbery ever attempted in Vancouver. Using skeleton keys, unknown robbers on Friday morning at 8 o'clock entered Cotterill's warehouse on Railway street, within three blocks of the police station, and made away with away a dray load of whiskey and champagne. The police allege that later the same day hundreds of dollars worth of lost worth of lost was sold to the hotels named at fifty cents on the dollar. Three thousand dollars worth were stolen and the police have recovered $1500 worth. The actual robbery appear to have gotten away.

GERMANY HAS TWICE SOUGHT FOR PEACE

By Bulletin Leased Wire.

LONDON, Aug. 23—A despatch to the Morning Post from Petrograd says:

At a conference with the publishers of the leading Petrograd papers who visited him to urge the facilitation by the transport of supplies, M. Sasonoff, the Russian foreign minister, declared categorically in reply to a question:

"Germany twice already has attempted to have peace parleys for a separate peace—once with France and once with Russia."

ASK REFERENDUM ON PROHIBITION

British Columbia Government Hears Representations For and Against Prohibition

By Bulletin Leased Wire.

VANCOUVER, Aug. 22—On Monday Sir Richard McBride will forward to the secretary of the Prohibition League and the body of business and financial men who respectively had interviews with the Provincial Executive Council, the decision of the government in regard to the representations made.

The Prohibition League asked in specific terms for prohibition until after the war, with no recourse to the present order of things until a referendum shall have been taken. The business and financial men urged that the government should not take this step on the ground that to do so would add greatly to the burden which the business communities of the province are carrying at the present time.

The decision of the government will be found to be a negative one, so far as the request that prohibition should be made immediately effective is concerned, but a referendum will be favored so that public opinion may be thoroughly tested on the important issue.

Official Reports

German Attacks Were Completely Repulsed

By Bulletin Leased Wire.

PARIS, Aug. 22, 10:32 p.m.—The following official communication was issued tonight:

"In Artois, especially in the region of Neuville and Roclincourt, our artillery replied violently to the German batteries, which were remarkably active today. A rather violent artillery duel occurred in the region of Reye, on the plateau of Angres, Vieres, on the front of Loisne and around Rheims, upon which forty bombs were fired. The situation, especially at Courtes Chausees, there have been nothing but struggles between the opposing trenches. In the Woevre there has been fighting, by means of bombs and grenades, to the north of Flirey. In the Vosges, in the region of the Linge and Hilsen, there has been only cannonading."

German attacks upon the crest of Sonnenach and to the north of Souchez were completely repulsed, according to an official statement issued this afternoon at the French war office.

Ready to Abandon Novo Georgievsk

By Bulletin Leased Wire.

PETROGRAD, via London, Aug. 22 —The following official communication has been issued:

"Our land front is firm in the regions of Riga, and in the direction of Jacobstadt, and to the south-west there has been fighting on parts of the same front. The situation in the region of Wilkomir also is without change. Toward the west of Kochevany our troops continued to hold, during Friday and Saturday, severe persistent offensive of the enemy. On the left bank of the middle Niemen and the upper Bobr there is no change. The disposition of our troops near Osowieta, on the lower Bobr, the upper Narew, along the Bielsk, Wysoka, Brest-Litovsk railways, and along the right bank of the Bug remains almost stationary. Since Friday evening the enemy has continued to exert obstinate pressure in the region of Bielsk and from Wisdova for the line of rail. It has been held by our counter attacks. In Galicia there is no change in the situation.

"There has been no direct news from Novo Georgievsk since Friday. The latest information from there furnished by our aviators shows that toward nightfall of Friday the situation of the fortress had become so difficult that there was no reason to hope for further resistance on the part of the garrison."

Germans Claiming Further Progress

BERLIN, via wireless to London, 3:56 p.m., Aug. 22.—The army of General Von Echorn has made further progress east and south of Kovno, while that of General Von Gallwitz is penetrating the region south of the Narew, and has crossed the Bialystok-Brest-Litovsk railway, according to an official statement issued today at German main headquarters. The text of the statement follows:

"Western theatre: The situation is unchanged.

"Eastern theatre: Army group of Field Marshal Von Hindenburg: The army of General Von Echorn has made further progress east and south of Kovno. In continuing the pursuit the position north of Zuwinta lake, 750 Russians were taken prisoner. The number of prisoners taken in the battles west of Tykocin has been increased to more than 1,500. The army of General Von Gallwitz is penetrating further north of Lomza, and has crossed the Bialystok-Brest-Litovsk railway. During the past two days thirteen officers and more than 3,500 men were taken prisoners.

"Army group of Archduke Carol of Bavaria: Fighting victoriously this group crossed the Kleshtshele-Wysoka-Litovsk railway. Attacking the German troops drove the opposing forces, which again had attempted to hold out of their positions early today. More than 1,000 prisoners and a number of machine guns were captured.

"Army group of Field Marshal Von Mackensen: Attacks of German and Austro-Hungarian troops on branches of the Koterskanka and the Bug above Ogrodnikl, as well as those below the Krasna, are progressing. On the southwestern front of Brest-Litovsk there has been no news. Battles near and north of Pinsk and north and east of Vladova continue."

BRITISH SAILORS IN WATER FIRED ON BY GERMANS

(Continued From Page One)

The torpedo exploded on hitting the rocks close to her.

"At the same moment the German destroyer fired with all her guns, and Lieutenant Commander Layton seeing that his submarine was under fire became enraged and, unable to defend herself owing to her being aground, gave orders for the crew to abandon her. While the men were in the water they were fired upon by machine guns and with shrapnel.

"One of the Danish torpedo boats immediately lowered her boat and steamed between the submarine and the German destroyer, and therefore had to cease fire and withdraw."

Widespread Indignation

LONDON, Aug. 22.—The Copenhagen correspondent of Reuter's Telegram Company sends the following despatch regarding the sinking of the British submarine E-13:

The destruction of the British submarine E-13 in Danish territory by German destroyers, under circumstances which placed the shipwrecked craft under Danish protection, has aroused widespread indignation which finds expression in the Danish papers. It is urged that there can be no explanation or plausible excuse for the deliberate attack on Danish territory, as a German torpedo boat had thoroughly investigated the locality before returning with the others to attack the defenseless crew.

The Vortland says: "There can be no question that the commander was aware he was violating Danish neutrality. The incident is simply in accordance with German methods throughout the whole war."

The Kosbenhaven writes: "We received the news with horror that fourteen sailors of a friendly nation lost their lives, not even in equal combat, but without the faintest chance of defending themselves."

The Danish Journal Hovedstaven publishes a rumor that one Danish torpedo boat had a man accidentally killed on the decks by German shells.

The entire press commends the government's action in promptly protesting to Berlin and assuring the government that it will receive the support of the whole nation in whatever action is taken. The admiralty has ordered that the patrol ships around Copenhagen be increased. A German Zeppelin this morning reconnoitered over the waters southeast of Copenhagen and photographed the deck of the E-13."

GERMAN ATTACK DENOUNCED.

By Bulletin Leased Wire.

STOCKHOLM, via London, Aug. 22 —The Swedish press unanimously denounces the German attack on the British submarine E-13 in Danish waters, characterizing it as an unpardonable infringement of Danish neutrality.

The Dagens Nyheter, which commonly reflects the attitude of the Swedish foreign office, says that the Germans attacking the E-13 must have been fully aware that the submarine was in Danish waters.

Another feature of the affair, adds the paper, "is the German's crafty action in firing on British sailors who had given themselves up to a neutral power, and naturally assumed that they were safe from enemy attacks."

Danish Report.

LONDON, Aug. 22—A despatch to Reuter's Telegram Company from Copenhagen relative to the destruction of the British submarine E-13 by a German destroyer, says:

"The commander of the Danish torpedo boat Soruiven, which with the torpedo boat Roeren, was near the British submarine E-13 when the German attacked her, reports that, noticing the approach of the German destroyers, he went in their direction to protect against a possible violation of neutrality. Suddenly one of the German destroyers fired several shots against the submarine, which immediately took fire. The Roeren approached the German vessel, which ceased fire and hurried away."

NOT AFTER A LOAN IN UNITED STATES

British Bankers' Business in New York is to Rectify Exchange Tangle.

London, Aug. 21, 3:49 a.m.—"It would be an error to suppose the British financial delegation is going to America to negotiate a loan," says the Times. "The primary business will be to rectify the adverse exchange rate and in the first instance other matters may prudently still be entered into in concert with American bankers."

"The policy discussed between Great Britain and her allies will be to keep the money in London and in the United States in such quantities as will enable the exchange to be kept at a reasonable rate. The prospects of an American loan may be found sufficiently attractive for that course to be adopted."

MONTENEGRO ATTACKED.

Cettinje, Aug. 21.—Austrian artillery in the Cattaro forts bombarded Montenegrin batteries at Comergschi without success on Tuesday, the war office announced today.

NINE PERISH IN ST. LOUIS.

St. Louis, Mo., Aug. 21.—Nine persons are known to have perished in the storm that swept the west and southern parts of St. Louis and some of the suburbs yesterday, and two persons are missing.

Disablement Fund Proposed To Supplement Niggardly Pensions

Government Proposes to Meet Widespread Complaint as to Pensions by Establishing Fund Raised by Public Subscription—Object to Incre asing Pension Scale.

Ottawa, Aug. 21.—Details, it is understood, will shortly be announced by Senator Lougheed, acting minister of militia, of the creation of a disablement fund to supplement the pensions of men permanently injured in the war. There has been widespread complaint that the pensions accorded under the government scheme are grossly inadequate and in most cases would entail actual hardship. It has been urged that the scale of pensions should be increased, but this is objected to by the authorities, who fear that if this course is adopted, the pensions of men permanently disabled in the future will be inadequate.

The proposed disablement fund will be raised by subscription. Contributions made to the Canadian Patriotic Fund, the Red Cross, machine gun and other funds have indicated general willingness to give; and the plea of the wounded soldier, incapacitated from further active work, probably will be not less strong.

FRITZ AND HANS RESPECT CANUCKS SAYS PIPE MAJOR

Canadian at Front Says Germans Prefer Even the Ghurkas in Attack

Montreal, Aug. 21.—"One thing you can be assured of and that is the Canadians are not left out when anything of great importance is going on. We are a little band that has to be reckoned with. Fritz and Hans say they cannot stand the Canuks; they say they prefer the Ghurkas—there is no stopping the Canadians; homes in view of uncertainty as to the duration of the war and the heavy financial demands which the establishment of an adequate scheme of pensions would make.

The proposed disablement fund will be raised by subscription. Contributions made to the Canadian Patriotic Fund, the Red Cross, machine gun and other funds have indicated general willingness to give; and the plea of the wounded soldier, incapacitated from further active work, probably will be not less strong.

they go right to it, and up go Fritz's hands."

This is an extract from the letter of Pipe Major David Manson, of the thirteenth battalion, formerly a member of the customs house staff, to T. Foster Brown, also of the staff. Pipe Major Manson has just returned from seven days' leave, during which he visited London and Glasgow. He wrote he much appreciated the change, just to get away from the noise of the shells "which drop fast where we least expect them. Still, he said, "all the boys are happy and cheerful, and one seldom heard them grumble, no matter what the work.

"All of you at home only get a very slight idea of what it is really like there. The boys continued, "only those on the spot know."

EXHIBITION OF NEEDLEWORK FROM INDIAN MISSIONS.

The committee having charge of the needlework received from the Presbyterian mission schools in Ratlam and Narsapur, India, will hold an exhibition and sale on Wednesday afternoon, August 25th, from four to six o'clock, in the schoolroom of Robertson Church, 23rd street. The work in fine crochet is unusually good and varied in design and article —trimmings (wide and narrow), insertions, doylies, centres, baby, bonnets and cushion tops, while a number of the linens will be found very dainty tea, tray and serving cloths, handkerchiefs etc. The entire proceeds of this sale are returned to the missions for the support of the workers.

TO A MOSQUITO.

Why baneful arthropod, so fondly tarry
Still at your lengthy meal, insatiate,
And so profaning your banquet sanguinary,
You foul invertebrate?

Despite my delicate insinuations
That your attentions are inopportune,
You stalk around in imbecile gyrations
Mouthing your bitter tune.

All my reprisals leave you quite undaunted,
For neither threat nor bribe will you relent
Until your dire proboscis is implanted
In my integument.

Your dinner brings a color transformation
Which really is no edifying sight.
Unceremonious extermination
Is all I can suggest.

I deprecate your riotous profusion,
Your lack of moderation I deplore,
And shudder at the posthumous effusion
Of your vicarious gore.

But though the summer breezes now befriend you,
Ere long a frigid blast will seat your wing,
And will most expeditiously send you
To your long reckoning.

Your exit will not leave me broken-hearted.
I shall not mourn the loss of something dear.
In fact, when we forevermore have parted
I shall not shed a tear.

GRAND OPERA SINGERS HEADLINER AT PANTAGES

Charley Case, the inimitable comedian of comedians, the Pantages theatre this week as one of the big headliners on the vaudeville bill. The preparation of Charley Case as a sure fire laugh producer is known to all his peculiar method of delivery and his own style of comedy, mark him as one of America's greatest comedians. He will tell all of his famous stories about "father," and also many new ones at the Pantages this week and promises to be one of the laughing scenes of the season.

The headline honors for the week will be held by the Lombardi Quintette of grand opera singers. These five stars have just completed a successful engagement along the Pacific coast at the head of an opera company of one hundred people. They are the original five artists who played the leading roles with the Lombardi Grand Opera Company. The quintette has been engaged for the summer season only for a tour of the Pantages circuit, for in the early winter they are booked to return with the opera company in which they were featured. They will present "Gems From Grand Opera" the first of the week.

The Bottomley Troupe are a company of sensational comedy gymnasts in a fearless and daring casting act. The offering is pretentious in every detail and carries its own special equipment of horizontal bars and trapeze apparatus. There are four men in the troupe, and one appears in clown make-up to good effect. Howard and White will offer their latest comedy sketch entitled "Billy's Awakening" on this same bill. The act is complete with good rich comedy and amusing situations. Other acts of unusual merit this week are the Santucci Trio, whose musical instrumentalists, and the Bimbos in a comedy pantomimic novelty. Comedy cartoon motion pictures showing the frolics of Colonel Heeza Liar will be shown on the Pantagescope.

JOHNSON-WILLIARD FILMS

The fight pictures which are showing at the Monarch Theatre today and will continue for four days' showing, are no clear and distinct that many new features of the big mill comes to the average fan as he sits comfortably back in his seat and watches them. One thing that strikes the observer is the fact that the referee, Jack Welsh, is some official in a fine and little sense that he does not see, for he is right where he can see all. Another thing about Welsh is that he moves around and gets in no one's light. This is one thing few referees remember when handling a bout of any sort in the ring. To study the white champion is also very easy, and when you learn after seeing him, you seem to know him just as well as though you had been at the actual fight.

Willard evidently had great respect for Johnson's ability in close range work, for, while he loomed up big enough to smother the Ethiopian he was content to lay back, block Johnson's attack, and carry the milling to the clinches. He never missed a clever opportunity presented itself. It was not until the 22nd round that Jess attempted any close range work. He then bored in repeated in the clinches, and kept Johnson busy covering up. From that round on it was Willard all the way. Johnson's sudden smile ebbed away fast, and from the 22nd until the end he led only once. He was repeatedly found holding on, and very surely realized that his title was fast slipping away. Just before the end he sent word to Curley that he was tiring very fast, and asked Jack to get Mrs. Johnson away from the scene of hostilities lest she might be saved the distress of witnessing the champion's downfall.

The beginning of the end came in the 25th, when a swinging right to the heart put Johnson on his last defence. He stuck through the round, but when the gong sounded for the final three minutes, Willard was on top of him with a line of attack which he could not withstand. Jess was all around a hard left to the body, followed immediately by a smashing right to the jaw, crumpled Johnson up and he went down a defeated champion. The picture will lend strength to the suspicion that Johnson was not at the limit of his physical endurance when he took the count. His pose on the mat would not indicate that complete relaxation of muscular control accompanying a blow of power sufficient to produce a loss of consciousness. The power behind Willard's terrific smash to the heart and jaw undoubtedly floored the champion, but it would not be unfair to register the impression, which was the general consensus of opinion among the experts present, that Johnson found his power of endurance ebbing and he remained down for the count rather than take further punishment, and come to the scrap on his own.

Neither can it be gathered from that impression that the contest was fixed or framed in any way. While physically capable of carrying the attack to Willard, Johnson tried hard in every round to land the punch which would put an end to the nonsense aspirations, but there was lacking that old razor attack and speed in aggression and a diminished force behind the blows which called him to victory in many a hard fought battle before. In Willard, too, the pictures show he found a hard and defensive opponent than he had dopedout. It was another case of youth will be served, after exhausting his strength, Johnson could figure it nothing but a matter of time until the star of the youthful cowboy was found in the ascendency.

The pictures of the actual fight are principally of value as a permanent record of an event of historical importance in ring history. The chief general interest in the films lies in the scene recorded prior and subsequent to the event. The beauties of Havana are vividly shown. Morro Castle key to the harbor of the capital, looms up in a marine scene of wonderful quality; many prominent men, visitors to the island, and officials of the republic are seen, among them Alfred G. Vanderbilt, who later lost his life on the Lusitania; President Menocal and the Cuban Governor Bustillo of Havana, and a host of others whose names are writ largely in the history of the past few years.

"THE GIRL ENGINEER" AT THE DREAMLAND.

Among other features shown on the program today and tomorrow, is "The Girl Engineer," featuring Helen Holmes. Judging from the incidents which occur in this feature the latest episode of Kalem's Hazards of Helen Railroad Series, there seems to be no limit to Helen Holmes' courage. Again this brave actress defies death in this story, which tells how Helen foils the attempt of a plot to ruin his rival. One of the novel features of "The Girl Engineer," is that which gives the observer into the engine cab with Miss Holmes and Jeff Somers, the latter skilful she is at running a locomotive. Photoplay patrons will enjoy every moment of this subject.

HAD JUST OPENED GIRL'S WINDPIPE

Surgeon Was Engaged in Delicate Operation When Zeppellins Arrived Over Town

London, Aug. 21.—During one of the recent German air raids on the east coast a well-known surgeon was performing the operation of tracheotomy on a girl at a nursing home. It was night, and the municipal electric service was at once suspended. All lights went out at the very moment when the surgeon was opening the girl's windpipe.

Fortunately, it was not the first attack delivered against this place. Taught by experience, the operator had made it a matter of habit to warn his nurses and his assistants that they should be kept ready for use at all operations at night. The precaution saved the life of the girl. With but a trifling delay the operation was completed and the girl is doing well.

DROWNED AT REGINA WHEN CANOE UPSETS

By Bulletin Leased Wire.

REGINA, Aug. 22.—D. H. Scott, accountant of the local branch of the Canadian Oil Company, Ltd., was drowned this afternoon while canoeing in Wascana Lake here. He was with a friend. Scott went out before 4 o'clock for a canoe, and about 500 feet from shore both men were thrown into the water through the canoe upsetting. Scott told his companion to paddle ashore while he would swim in. A few moments later his companion noticed Scott was in difficulties, and, despite hurried assistance from boaters, Scott sank and did not rise to the surface. The body was recovered half an hour after words, and despite an hour's work with a pulmotor life was found to be extinct. Scott was one of the best known athletes in the city.

The Integrity of

La Fleche Clothes

Extends to La Fleche Prices

La Fleche prices are no higher than other prices—yet La Fleche has a value higher than any other name in Tailoring. There is sometimes an impression that clothes bought in the La Fleche shop must of necessity be expensive.

Nothing is more erroneous, for La Fleche prices, plus the integrity of La Fleche Clothes, are really lower than others. Whatever you pay for a La Fleche Suit is the actual value of that suit, and the name and fame of La Fleche cost you nothing at all.

On the other hand, nowhere can you begin to match the incomparable beauty and diversity of La Fleche woolens and designs.

We place at your disposal all the triumphs of the Tailoring Art—all the protection, the satisfaction and the integrity of the La Fleche reputation—but there is no extra charge for the La Fleche name.

MONDAY, AUGUST 23, 1915.

It is due to say that there is no authentic evidence that the pirates have as yet made any women and children walk the plank.

If General von MacKenzen is as Scotch as the name he bears he must have a sair time of it trying to twist his tongue around the names of the places where he camps.

If the board can find the money it would be a good idea to have the weeds cut in some of the school grounds. Agriculture as the curriculum and box-tail in the play grounds do not harmonize.

Replying to the Pope's appeal the Kaiser says he is ready to accept peace negotiations if the allies make the first overtures. No doubt. That is merely another way of saying that he will condescend to dictate the terms if the allies say they have had enough.

The Austrian Archduke is to be crowned king of Poland. That should make clear to the Poles the nature and extent of the "independence" they are to enjoy under Austro-German auspices. The king-makers will do the ruling for them. All the Poles will have to do is to pay the taxes.

The Young Turks propose to replace the Sultan by the Crown Prince. A suffle of that kind would not be remarkable. The Crown Prince is not much enamoured of Turkey playing the role of cat's paw for Germany. The Turks are adepts at making the best of a defeat, and it will be strange if they do not try to come out on the winning side in time to make a chain for mercy.

Britain is the only one of the belligerent countries to show increased revenue during the war. Italy, France, Germany and Austria threw off their tariffs on many largely-imported commodities as part of the preparation for standing the strain of the war with least distress. And the cause of the allies is being financed mainly with British money. Free trade is the really "protective" tariff policy.

Like the British and French retreat from Mons, the Russian retreat in Poland is dictated by the fact that an ill-prepared army on the defence cannot hold a well-prepared army on the offensive. The advance from Mons wore down the invaders, while it gave the defenders time to get supplies and the chance to choose their fighting ground. The battle of the Marne followed. The advance through Poland has cost the Germans more in men, munitions, and physical exhaustion than the advance through France. Provided the Russians can get shells there is room for hope that they, too, will be able to pick a fighting ground and repeat on the eastern front the victory which sent the enemy on the backward trail from Paris.

Even the Turks are said to be getting tired of German dominance, and threatening to turn upon their allies. A little "kultur" goes a long way.

Whatever course the United States government may think best to take, the comments of leading United States papers seem unanimous in the view that anything of the nature of a "back down" would mean that the United States would never be taken seriously as a factor in world politics again.

Public thanks and congratulations are due Sir George E. Foster for having taken the stump in an effort to drive home to the minds of the indifferent the fact that the British Empire and all it stands for is in peril, and that there is real and pressing need of men, and still more men, if Canada is to do its share in preserving its own liberties and those of the world. The more so that a platform campaign in recruits is against the declared policy of General Hughes, who as minister of militia is naturally looked to for leadership in all matters pertaining to the war. Pregnably it was disinclination to openly challenge this opinion of his colleague that kept Sir George from doing months ago the loyal and effective work he has now undertaken. Unless Gen. Hughes has radically altered his opinion as to the need and propriety of a campaign such as Sir George is now making it is to be hoped he will stay in England and let the good work go on. If the choice lies between General Hughes and an active effort to speed up Canada's participation in the war, Canada will try to get along without the General, especially as the militia department seems to be administered in his absence less in defiance of common sense.

The Russian second line of defence has collapsed. The victorious Germans are sweeping on, and in conjunction with their fleet in the Baltic, seem likely to make a grand drive for Petrograd. That it should succeed is conceivable. Doggedly as the Russians are fighting, they cannot win against superior artillery forces, with inexhaustible supplies of munitions to draw on. And seemingly the other allies have not the men and munitions in readiness to start an offensive on the western front to relieve the pressure upon them. It is the old story of preparation versus unpreparedness. That preparation should win in the earlier stages of the struggle is not strange. The wonder is that with all its preparation the war-machine has not accomplished more. For that it thanks to Berlin's bungling. If the Germans had started the present drive against Russia last August, instead of ravaging Belgium and wasting a year in an abortive attack upon France, Britain would probably not have entered the war and there is no telling what would have happened by this time. The decision to "hack their way through" where they had no cause nor need to do so, brought Britain into the fray, and at the same time served notice on the world that it was world-power or downfall for Germany. Terrible as are the blows Russia is being called upon to sustain, they are by no means so menacing to the cause of the world's freedom as if they had been struck a year ago and in accord with the Bismarck policy of striking down the nations one at a time. With the warning they have been given, and the opportunity to prepare, it will be their own fault if the nations are now subjected to military dictatorship. The Russian reverses should only serve to stimulate recruiting and to multiply the output of munitions in every country whose people are resolved to preserve their liberties or perish with them.

GEN. STEELE THROWN FROM AUTOMOBILE

Canadian Commander Suffers a Nasty Cut on Head and Bodily Injuries.

Montreal, Aug. 21.—The Gazette's London correspondent cabled last night: Major General Sam Steele, who came to England in command of the second Canadian contingent, was thrown from his car yesterday in a collision near the Metropole hotel at Folkestone. He suffered a nasty cut on the head with bodily injuries, but was not otherwise incapacitated, accompanied by General McDougall and staffs, General Steele yesterday afternoon inspected the machine gun brigade.

COTTON DECLARED ABSOLUTE CONTRABAND

Paris, Aug. 21, 2:45 p.m.—The foreign office announces that the Journale Officiale tomorrow will contain an announcement by the French and British governments declaring cotton absolute contraband of war.

SAYS GERMANY WILL NOT HAVE TO PAY THE COSTS

German Imperial Treasurer Says Germany's Enemies Will Bear War's Expense

Berlin, Aug. 20, via Amsterdam, Aug. 21, and London, 10:45 p.m.—Dr. Karl Helfferich, secretary of the German imperial treasury, speaking in the Reichstag on the second reading of the war loan of $2,500,000,000, said:

"Until now twenty billion marks ($5,000,000,000) have been voted and our estimate of war needs still are exceeded by real war expenditures. This expenditure in one month is higher by one-third than the total expenditure for the war of 1870, but every German knows that the sacrifices will not be in vain. The grant of new millions means a guarantee of unmovable determination on the part of the German people.

"During the war we will not increase the gigantic burden of the people by new taxation. A tax on war profits can only be raised at the conclusion of the war. It will be payable both in cash and in a war bond. Our economic future must be freed from the gigantic burden of war. The heavy burden of thousands of millions will be borne through decades by the instigators of the war and not by us.

First Loans Paid by War Chest

"Both the first war loans were covered partly by the war chest and partly by cash in hand at the Reichsbank (imperial treasury) at the outbreak of the war. To this must be added the surplus of the extraordinary budget of 1914-15, which instead of the expected 58,000,000 marks ($13,920,000) amounted to 2,189,000,000 marks ($454,750,000).

"Beyond this, greater amounts must be raised provisionally by discounting imperial exchequer bonds at the Reichsbank and private banks. The sums expended remain within the country, with the exception of unimportant amounts."

Fatherland Needs All Money

Continuing, Dr. Helfferich declared speculative business, which already had revived, had to be suspended and all available money was needed by the fatherland. Subscriptions to the third war loan, he said, could be made through the post office and small subscribers for 1,000 marks ($239) would be permitted to pay in instalments. From larger subscribers imperial treasury bonds bearing no interest and not yet due would be accepted as payment with a reduction of five per cent. To reduce as far as possible the traffic in money and to avoid a disturbance of the money market, he said the issue price would be higher.

Great Britain's Expenditures Higher

Dr. Helfferich, discussing the war expenditures of various powers, said:

"Up to the present the German total expenditures have been modest, but they now are being exceeded by Great Britain. The contribution of our enemies now is nearing almost two-thirds of the cost of the war."

REFUSES TO DISAVOW IDEA OF ANNEXATION

London, Aug. 21.—Reuter's Amsterdam correspondent sends a despatch received there from Berlin which says that Gottlieb Von Jagow, the German foreign minister, replying to a reply yesterday in the reichstag to the question of Dr. Karl Liebknecht, one of the socialist leaders, whether the government was disposed to abandon its idea of the annexation of conquered territory and enter into immediate peace pour parlers if the other belligerent powers were willing, declined.

"I think I have the support of the majority of the house," Herr Von Jgow is quoted as having said, "if I confine myself to the statement that the question is unsuitable."

This statement, the correspondent says, was received with great applause.

Refused a Hearing

Dr. Liebknecht attempted to speak, but was prevented from doing so. He continued loud applause, shouts of "stop" and laughter. During the demonstration the president of the chamber was repeatedly obliged to use his bell to obtain order.

When the war loan was passed unanimously on both the second and third readings Dr. Liebknecht, who abstained during the voting, but retained itsrewards and privileges, like the others, was greeted only with roars of laughter.

Hard Work Ahead

Dr. Karl Helffrich the imperial treasurer, in his speech dealing with the war expenditures, declared that the war owing to the necessity of equipping new field forces and the increasing cost of all commodities used in the manufacture of ammunition, the heavy wastage of ammunition and the occupation of new territory had involved greater expenditure than any year of the war will be harder in many respects than in the first year. Greater exertions must be made to support the home population. Alleviating want and averting threatened distress. We shall devote two hundred million marks ($50,000,000) from the new credit to assisting soldiers' families and those out of work."

He signed off by saying: "We already is lost but that they are struggling against us in vain, and hence we must continue the fight to compel them to recognize that we are unconquerable."

GERMANS ARE LOSING 80,000 MEN WEEKLY

London, Aug. 21.—Reuter's correspondent at Zurich says it is estimated by Swiss observers that the Germans are losing 80,000 on the eastern front weekly.

NORWAY TO ESTABLISH STATE WHEAT MONOPOLY

London, Aug. 21, 3.55 a.m.—A Reuter dispatch from Christiania says the Norwegian parliament has agreed upon a proposal to establish a temporary state monopoly of wheat.

INTERNAL REVENUE INCREASES.

Ottawa, Aug. 21.—The collections of the internal revenue department for the month of July totalled $1,847,765, as compared with $1,746,229 for the same month last year, an increase of $115,526. The increase is in a large measure due to the new war taxes, the amount collected under that head being $92,484.

Around the City

(From Evening Edition)

Police to Parade.—An official parade and inspection of the Edmonton city police force will be held on the Rifle street market at 11 a.m. Wednesday, August 25th, by order of the police commissioner and inspector.

Body Not Recovered.—The body of Aldon Dixon, who was drowned while bathing at the mouth of the White Mud Creek, has not yet been found. The police and others dragged the river near the mouth of the White Mud till yesterday afternoon.

Mrs. Cosgrain, wife of Hon. T. Chase Cosgrain postmaster general, who will be in the city until Monday, will be entertained at afternoon tea at The Macdonald Hotel by a number of the prominent ladies of the city.

Rev. Principal Lloyd, of Saskatoon, president of the Dominion Alliance, passed through Edmonton today on his way to Vancouver, where he will address a big convention and inaugurate a campaign for prohibition for British Columbia.

Campers' Special.—The campers' week-end special, which has been run over the G.T.P. during the summer months to Wabamun, will be discontinued after Labor Day. This train has been running on Saturdays, leaving the city at 1.30 p.m. and returning the same night for the benefit of those who wished to spend the day at the lake.

Harvest Is on.—J. C. O'Donnell, superintendent of C.N.R. District No. 9, which extends from North Battleford to Tollerton, with branches, reports that harvesting operations are general between Edmonton and Lloydminster on Wednesday last, August 18th. On Thursday a threshing outfit was at work at Langham, on the C.N.R. line in Saskatchewan. Cutting is also in progress on the Athabasca line.

DET. COBB RESIGNS

Detective A. Cobb, who has been a member of the city detective staff since last September, handed in his resignation this morning, to take effect August 27. Detective Cobb was for seven years in the employ of Scotland Yard and retired with the rank of sergeant. He came to Edmonton with recommendations from Sir Edward Henry, commissioner of the metropolitan police, and many officials of Old Bailey.

GREATEST CROP YET

W. A. Brown, superintendent of the C.N.R. who has just returned from a trip to Winnipeg, said this morning that on the return trip he had covered a great deal of the territory over their lines between Winnipeg and the Rocky Mountains and that he had never seen finer crop prospects while the majority of the farmers he met were most optimistic. "We have had some good crops in the west," he said, "but this year will exceed anything ever had."

IN THE POLICT COURT

In the police court this morning Harry Schwebke, for being drunk while in charge of a horse, was fined $20 and costs. The charge against W. F. Studebaker, the driver of a jitney, for not stopping after he had knocked down and injured a man, was dismissed, the magistrate holding that it was not that the defendant knew that he had injured anyone. Phillip Hall, the driver summoned to appear on a charge of assault last Thursday, failed to pay the costs, and a default case against him was dismissed, the complainant not putting in an appearance.

AT THE MACDONALD.

The following are registered at The Macdonald Hotel: R. Kennedy, Toronto; R. Lucas, Montreal; F. Hendrie, Vancouver; Miss E. Evans, Nelson, B.C.; Rev. W. H. Cooper, Toronto; S. C. Sparks and wife, Jasper; E. B. Henderson, Windsor.

CONSULT CAR OFFICIALS.

The special committee of the city council which is advisory to Commissioner Harrison in the matter of civic matters, held separate interviews this morning with Mayor Sutherland, Dr. Thomas Ferrier and J. H. Meir, of the department, with a view to getting their views on several important matters of street railway management. In the meantime, the appointment of a street railway superintendent is in abeyance pending which of these men have been with the department for some time. Mr. Ferrier has risen to the position of traffic superintendent, and Mr. Meir, it will be remembered, was the city engineer for his plan of routing the street railway lines of Edmonton in 1912.

Through Service on Canadian Northern Main Line Will Be Inaugurated Early Next Month

Ballasting and Trimming Now in Final Stages — Contract Let for 100 Miles of Grade on Oliver-St. Paul de Metis Branch to Be Completed This Fall—Activity on Other Branches

The contract for the grade of the Oliver-St. Paul de Metis branch of the Canadian Northern to Mile 100—the entire distance covered by the guaranteed contract let to D. P. McArthur, to be completed this fall. Mr. McArthur has the contract for the first 35 miles, which is practically completed. Recently he shipped a steamer-load of supplies to Pakan, for use on the new contract. Mr. McArthur is using every endeavor to secure additional teams to rush the work, so that steel can be laid this fall.

Line Southeast of Camrose.

Steel will be laid on the sixty miles of grade which was completed two years ago south-easterly from Camrose, to enable the crops along that line to be moved.

Ballasting and trimming of the main line west is being completed, so that a through service can be started early in September.

On Onoway Line.

When the main line work is done the ballast gangs will be transferred to the Onoway line. It is expected that the line will be ballasted to Sangudo, and that the grade will be repaired and steel laid at least to Greenwold, and to Whitecourt if possible.

Grading is in progress on the line from Calgary to Macleod, and it is expected that the work will be completed to Macleod this fall.

ITALIANS VICTORS IN BATTLE IN AIR

Paris, Aug. 21.—Italian aeroplanes defeated an Austrian air squadron off the Adriatic coast, according to a dispatch to the Figaro from Turin. Three of the Austrian machines were brought down and their crews were either killed or made prisoner.

The Figaro's correspondent says that the Italian squadron forced an engagement on the Austrians after a long stern chase. The Italian aviators returned to their base without loss or injury.

Camrose Exhibition Makes Fine Showing As Compared With Last Year and in Spite of War

Wins Distinction of Maintaining Record of Last Year—Exhibitors From the District Capture Major Portion of Prizes—Remarkable Increase in Number of Entries in Poultry Classes—Camrose District is Highly Prosperous.

To the thriving town of Camrose has fallen the distinction of having held an annual fair, with an attendance in this season of heavy harvests and year of war at least the equal of the exhibitions of former years. No other fair in the province during the past few weeks has been able to close with this particularly happy result.

Fully two thousand people were on the Camrose fair grounds Friday afternoon for the final program of the two-day event. The townspeople took their half-holiday cheerfully and turned out in great numbers, while the attendance of farmers was remarkably good, in view of the harvest work being so generally under way in the district. Then the neighboring towns sent their quota and among these visitors were to be seen a considerable number of Edmonton citizens.

In live stock entries the fair showed also a slight increase over last year. In poultry, the showing was boosted to a remarkable extent, there being 1,135 entries, as compared with 900 in 1914. And what made the showing more significant was the presence of a large proportion of local exhibitors nearly all the live stock classes. Needless to say, the fair officials were vastly encouraged over this fact.

In addition to the good display of farm stock and products, the crowd yesterday afternoon was treated to an interesting program of horse races and foot races, with a baseball game between Camrose and Bentinth being a centre of considerable local rivalry. Music was rendered during the day by the Brass Band from Pretty Hills. The perfect weather of the past several weeks yielded another fine day for the closing program and the number of automobiles dashing to and from the grounds gave the panorama a real metropolitan appearance.

The Rose in Camrose.

Whatever credit is due the enterprising citizens of the railway town in building ambitiously and well, it is patent to the observer that, more pointed the "Rose" in Camrose. The town is prettily situated, on the banks of Stony Creek, and overlooks an attractive landscape of rolling fields and wooded places. The well-built business centre of the town is the best of evidence to support those citizens who believe that Camrose is favored with the foremost mixed farming district in the whole broad west. The quality of the fair was another substantiating feature when one steps from the grain and sees Camrose at stage one could not believe that the enterprising town puts a fine system of cluster lights along the streets would indicate anything but the best in a district exhibition.

The fair grounds are placed some distance south of the town, within a short distance of the handsome new normal school building of the provincial government. About twenty-hundred students are attending the latter which opened a few days ago at this school.

Developing in the District.

In local interest the fair was especially strong. The circle exhibitors showing were mostly all men of the district, who were but a short home again after a series of successes at all the big exhibitions of the west. In this connection Secretary Stevenson, of the association, spoke of the big improvement noticeable even last in the standard of the local stock, showing that the average farmer in the district is developing more and more the scientific end of stock raising.

W. R. Stewart and Lew Hutchinson, of Halkirk and Dohamel respectively were there with their big showing of Aberdeen Angus cattle and were unopposed. The only other exhibitor in the cattle department not directly from Camrose district was J. Halley, of Munson, who exhibited his Holstein prize winners. Mr. Halley also divided with W. Gilbert the money in Tamworth swine competitions.

The local men exhibiting were S. C. Pritchard with Ayrshires; C. Nord with Shorthorns, M. Kehoe with Holsteins, V. W. Smith with Herefords and A. G. Hamilton with Jerseys.

82 Entries in Horse Classes.

Eighty-two entries in the horse classes made this showing bigger than in the previous year. Thoroughbreds were not so much in evidence as the standard breds, and the exhibitors were all from the immediate district or nearby. Ed. Mitchell, of Ferintosh, and F. G. Ryan, of Dayslan, were the viewing absentees. Among the local exhibitors were V. W. Smith, Leslie Nord, T. G. Llewellyn, J. K. Van Patten, C. Sebastian, Dennis Mc Cann, Wm. Ruttle, Jr. Sampson, J. Duggan, W. J. Diggle, A. E. B. George and S. Bailey.

In poultry the showing was superb with practically all the important classes represented. Edmonton judges were out in force, while R. V. Gibbons and P. F. King, of Lethbridge; Johnson Keho, of Lacombe, and C. W. Wilcox, of Lyndock, Ont., were competitors from a distance. The Camrose poultrymen represented were W. G. Ruttle, W. J. Hoover & Sons, E. Hixon, T. Boyd, W. R. Stewart, W. J. Weise and G. Stevenson.

Edmonton exhibitors were J. G. Suss, A. N. Douglas, M. S. Williamson, C. Williamson, W. Hiscutt, D. W. Hyndman, Jr. Patterson, H. Cook, E. Sillitoe, Graham Brothers and R. H. Hunter. Needless to say the Edmonton fanciers took their full share of prizes with their large and varied showing.

Valuable Animal Killed.

Through an unfortunate accident yesterday, Wm. Gilbert, of Stony Plain, lost his valuable championship Berkshire sow, winner of many a sweepstake and classed by other exhibitors as one of the finest brood sows of any class in Canada. While driving into the fair grounds at Camrose the animal fell head first from the draw, breaking its neck. The weight of this sow was over 700 pounds and she was valued at $500.

The swine exhibit on the whole at the Camrose fair was somewhat better than at the most of the medium-sized exhibitions this year and the local men were well represented. W. Gilbert's Berkshire pens quite properly carried off another string of red and blue ribbons, while W. J. Bailey, of Wetaskiwin, was easily best with his fine entries of Duroc Jerseys, the animals which won many prizes at Edmonton last week. His showing yesterday included a pair of Duroc which were second to the grand champions at Edmonton.

W. J. Hoover, who also won many Hampshire places at Edmonton, was even more successful in his own town. E. B. George being another local exhibitor of this class of hogs. Poland Chinas were shown by Wm. Ruttle, of Duhamel.

Province Free From Cholera.

Live Stock Commissioner of Alberta W. F. Stevens was at the grounds Friday looking over the display of stock. When questioned by the Bulletin about the cholera situation amongst the swine this year, he said but one case ..... been reported, and it was not known whether this was a bona-fide scare or not. Pigs appeared to have been very healthy this season and the prospect of high prices was having the effect of stimulating the industry in the province. Two years ago hundreds of hogs were killed in different parts of Alberta to prevent the spreading of cholera. This was the first appearance of the disease here.

Improving the Grains.

The showing in the grain classes at Camrose was in no material manner different from the exhibits at the other fairs of the province, so far as quantity was concerned. The entries were altogether fewer in number than the grand crops of the district justified. The quality could not be otherwise than superior with the general condition of the grains such as it is, but every visitor at these fairs would appreciate a more representative showing and stronger competition in the staple products of the field.

Aside, however, from the natural excellence of the small grains, this season as shown at such fairs as Camrose, there is apparent an improvement in the varieties of the crops being raised. This may be regarded as highly important. Superintendent Hutton, of the Lacombe experimental farm, told the Bulletin at Red Deer, during the closing day of the exhibition there, that his department is making every effort to interest the farmers in better seed selection, and that a progressive demonstration work is directed solely to the purpose of a programme for heavier, earlier and higher standard crops, and it has been encouraging to find that scores of farmers attending the various fairs are showing a deep concern over these same questions. The samples of grain exhibited at the many fairs in Central Alberta during the two weeks past is direct evidence that a movement to make two kernels of grain grow where but one grew before is gradually making headway in every live community.

From the Gardens and Homes.

The products of the home, a most important array in any exhibition, was very representative at Camrose, but the showing as a whole was not nearly so extensive as last year. In fact it was in the exhibition building that an all-round falling off was noticeable this year as compared with the fair in 1914. In nearly all other respects the fair yesterday exceeded all previous ones.

Vegetables on display afforded fine samples of practically all the garden products possible to grow in this section, but there were not many exhibitors represented. The same might be said of the floral display. The more representative of the fine quality and variety of Camrose gardens than it was at Camrose grower.

All the classes in domestic manufactures were fairly well filled and in their range from appetizing fruits and jellies to the more matter of fact bread and butter were ample evidence that the housewives of the town and district are properly concerned over the welfare of their homes in general and their tables in particular.

The exhibit of ladies' fancy work and sewing was one of the largest in the building. The display in this line has also been a feature of the various fairs this year and these are invariably centres of deep interest.

The exhibits of the school children was another of the entertaining classes in the Camrose exhibition hall. The nature study competitions at the district fairs are no doubt features that will grow not alone in size and importance, but should have the effect of assisting wonderfully in interesting children in the closer observation of the country's native vegetation.

Bee Raising Profitable.

Fancy being the possessor of a few colonies of bees which would turn over for your use a thousand pounds of honey in one season! No guess but a very conservative one, as you would think as does W. J. Bailey, of Wetaskiwin where 24 colonies of bees has performed the above-mentioned feat so far this season, that a small apiary in Alberta may and pays well. An exhibit of some fine-looking honey in the exhibition hall yesterday induced the Bulletin representative to look up the exhibitor, Mr. Bailey, who was found entertaining in the matter of bee raising in this country. Bees with him are merely a side line, but it is one showing a handsome profit. A few hives added last season, to over 100, with a total expense of not more than $150. This year the production of honey is already over the 1,000 pound mark, that will safely house vegetables will enable Mr. Bailey to face the winter months, says Mr. Bailey, with the unlimited amount of clover blossom all around him. Alsike seems to be the finest honey-feed in the world. The experience of Mr. Wetaskiwin man is that a limited number of hives are sufficient for the average small farmer, and that the care, time and attention need not be sacrificed to other branches of the farm work.

Many Successful Farmers.

To dwell upon the success being made by prominent farmers of the Camrose constituency is to record the real basis of the town's marvelous growth. The fact that the implement firms of the town have gone in for greater business this year in farm machinery than ever before shows the significance of these statements.

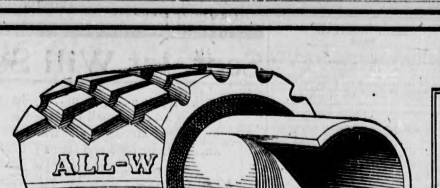
ZEPPELIN BROUGHT DOWN BY RUSSIANS

London, Aug. 21.—The Russian success have brought down a Zeppelin, the official announcement according to a dispatch to the Reuter's company from Petrograd today.

The announcement follows: "The aircraft which fought four times. It contained the pilot and one officer and carried eight bombs, a machine gun, bombs, incendiary darts and photographic apparatus."

BERLIN DAILY BREAD ALLOWANCE INCREASED

Berlin, via London, Aug. 21.—3:02 p. m.—Berlin's daily bread allowance has been increased from 200 grammes to 225 grammes, as a result of a careful estimate of the 1915 wheat crop. The increased allowances are made possible by the revised estimate of the year's wheat supply which is said to have been underestimated at first because of the prevailing bad weather.



This is a section of both Tube and Tire. The Inner Tube is pictured to show the layers which compose it. In completed Tubes these layers, of course, are vulcanized together into one solid rubber Tube.

Goodyear Tubes Can't Leak

They Outlast Any Tire

Inner tubes are made to hold air. Those that are made of one thick piece of rubber are apt to be porous. Neither can foreign matter be detected. So the air escapes and your tires run into trouble. Tubes that are colored contain much mineral matter. That heats up under friction and destroys the tube before its time.

Goodyear Inner Tubes are made of thin sheets of *pure natural gray rubber*. So the slightest flaw is detected and eliminated. Then these perfect sheets are wrapped layer on layer and vulcanized into an inseparable unit. The valve patch, too, is made part of the tube. It is not stuck on. And so our method makes the tube proof against inherent leaks.

14 Per Cent Heavier

Countless tests have proved that Goodyear Laminated Inner Tubes outlast, on the average, any tire.

Yet since those tests we have added extra layers. The smaller sizes are 12½ per cent thicker, the larger sizes 16 per cent—all pure rubber. They average 14 per cent heavier.

20 Per Cent Lower Priced

Besides giving extra quality, we cut our prices 20 per cent on tubes when we announced our great reduction on Goodyear Fortified Tires. That was February 15th—in the face of the war tax on all our raw materials.

And that reduction—our third within two years—was earned by the legions of users that Goodyear Tubes and Tires have won.

Their demand compelled us to double our factory capacity at Bowmanville, Ont. And it also cut our factory cost per tube and tire.

So this saving we pass on to Goodyear users in the form of betterments and lower prices.

Buy Fewer Tubes

No matter what tires you use, you get these Goodyear Laminated Tubes and you will buy fewer tubes than in the past. For they outlast any tire that's made. And these leak-proof tubes are sold, remember, at about the prices of ordinary tubes.

Let Goodyear Tubes reveal Goodyear standards to you. Then you will want the famous Goodyear Fortified Tires that embody those standards, too. Any dealer can supply you. If he hasn't them in stock he can get them from our nearby branch.

J. A. BULLMAN.

1039 82nd St., Edmonton.
August 18th, 1915.

Right new gasoline plowing outfits have been sold by our firm to farmers in the fertile New Norway district, 15 miles to the southwest.

V. W. Smith, of Edmonton, has become one of the big farmers of the district owning over two sections of land, six miles southeast. Under direction of J. H. Irving, several hundred acres have been broken this year and about 200 head of purebred and grade cattle assembled.

Mr. Steinburg came from Ontario three years ago and is going about heartedly into mixed farming. He has 50 head of pure-bred Holsteins.

Lew Hutchinson, of Duhamel, 10 miles distant, is now a familiar figure amongst prize winners on the western fair circuit, and his stock testifies to the success of his farming operations.

Making a success with sheep is the business of H. Smith, who farms six miles south of Camrose. Mr. Smith came to the district from Scotland, three years ago.

Three of the pioneer farmers of Camrose, who deserve to rank with the most progressive in the country, are Messrs. Van Patten, R. Teeple and C. Duggan. All have fine farms not far from the town, where they demonstrate more forcibly each year the fact that no place is superior to their lands for mixed farming success.

Hotel Man Turns Farmer.

The prohibition vote was the last straw that turned V. Matejka, of the Arlington Hotel, into a big farmer. Mr. Matejka was formerly a hotel man in Camrose and has owned the Arlington for ten years. Last spring he turned his attention to the land, the vote on July 21st clinched his intentions, he makes a living from off his section and a half of land a short distance from town. Two hundred acres have been broken already this season by a gasoline outfit. Mr. Matejka is a Bohemian by birth but has been in the west for many years. The dairy industry is advancing with rapid strides around Camrose and practically all the progressive farmers are building up this end of their business as rapidly as possible.

The following is a list of some of the prize winners:

Horses.

Clydesdales—1, Dennis McGee, Camrose; 2, W. Ruttle; 3, G. B. George, Camrose.

Percherons—Stallion: 1, A. Mitchell; 2, L. E. Loveseth. L. E. Laveseth won all other prizes in the Percheron class.

Suffolk Punches—Stallion: 1, Chas. Nord. Mr. Nord also took other events in this class.

Senior Baseball League Season Ended on Saturday

Swifts Football Club Was Defeated at Lloydminster

Bearcats Defeated Stars In Last League Game Of Season

These Well-balanced Teams Gave Splendid Exhibition, Bissett's Daring Base-running Scoring the Winning Run in Ninth—Score Was 4 to 3—Bearcats Won Four of Six Games Played.

The curtain was rung down on the Senior Baseball league season Saturday afternoon, the Bearcats defeating the All Stars 4 to 3 in the final game of the series, making four wins for the Edmonton champions out of six games played. It was a splendid game of ball but the Bearcats made better use of their opportunities, and although outhit 3 to 1 won the game by their work on the bases. Bissett's nerve work was responsible for the winning run being scored in the ninth. He opened the inning with what looked like a single to left, but stretched the hit into a double by sliding around Dolighan, who had the ball at second waiting to tag him. Davidson's sacrifice placed "Grizzly" on third, and he was then squeezed home by P. X. Burns with the winning run. The Stars got a man as far as third in their half of the ninth with two down, but Starky, who had already driven home two runs in previous innings was pinch batted out to Grant and the game was over.

Harper's Lucky Control

Southpaw Harryett had the left handed batters on the Bearcat team at his mercy, holding the opposition to three scattered hits, but his effectiveness was greatly hampered by lack of control. He issued five bases on balls, twice handing Davidson free transportation, and though he was well assisted in runs, Harryett struck out ten batsmen, retiring the side on strikes in the fourth and sixth innings. Burns was noticed for nine hits, of which join Greider got four. Clows out of four times up, but P. X. was strong at the pinches, and twice struck out the last man with runners on second and third. Bagley's receiving proclivities were also a big factor in the Bearcats' win, this young man pulling down everything that looked like a hit. Bissie 'fice of the All Stars gave a demonstration of how third base should be played, his fielding during the afternoon bordering upon the sensational.

A See-Saw Contest

A walk to Davidson followed by an infield out, Calavan's hit and Worth's error sent the Bearcats away in the lead in the third inning, but the Stars tied the score in the same frame on a game to Tice, a stolen base and Starky's single. The All Stars forged into the lead in the fourth when Dolighan walked, took second on an infield out and scored on Greider's single. The score was again tied in the fifth. Davidson walking with one down, going to second on Burns' out, taking third when Starky fumbled Calavan's grounder and scoring on a double steal through Walsh's work on the part of Harryett.

Game Won and Lost

The southpaw did some fine work in the sixth, retiring three men on strikes after the first two batsmen had reached first in safety. Wolth's triple to right centre with two out, and Starky's single out the All Stars ahead in their half of the seventh, and a soft run allowed the Bearcats to again tie the score in the eighth. With one out, Chipman was hit, took second on a passed ball, stole third and came in on Greidler's poor throw to Tice. A beautiful one by Grant to Chipman, cut off a run for the All Stars in their half of the ninth when Dolighan tried to score on a short single to left. The Bearcats then settled out and won the game in the first of the ninth. Box score:

CLONEY TAIT IS AN EASY WINNER

Got Decision Over Wulff—Kesterson Knocked Out Stone in the Third Round

The Kesterson-Stone bout at the Edmonton A.C. on Saturday night saved the program from mediocracy. This bout alone was worth the price of admission, and was terminated in the third round, when Stone, worn out from trying to trade punches in the first and second rounds, was the recipient of a right swing in the third that sent him to the mat. Stone, who is a clever boxer, but no means a slugger, abandoned his usual tactics and tried to mix it with the rugged Kesterson with fatal results. The boys tore into each other like a pair of wildcats, and there was lots of action while the bout lasted.

Cloney Tait gave Wulff a boxing lesson for two rounds but in the third the latter landed some cautious and landed several heavy clouts which made Tait's head look green. But Tait had piled up an overwhelming lead in the first two rounds, and the decision was by a city block, although one of the judges voted "draw."

O'Neill was on match for Alec Tait, the bout being stopped in the second round to save the former from severe punishment. Hoare got the decision over Mildon in a tame bout, the latter hardly landing a blow. Howie's gloves were covered with burnt cork, and the judges had no difficulty in awarding the decision to Morrison and Nestor boxed a good three round draw. Nestor opened up in the last round and leading his opponent a merry chase. Both boys were clever sparkers and Stack was of short duration. Stack's heavy hitting propensities take him on the ambush out of his opponent in the second round.

BILL WILLIAMS HAD REGULAR FIELD MEET

When the cincinnati Reds defeated New York Giants on Thursday last by a score of 6 to 1 two Northwestern league recruits were the main factors in the victory. McKinery, formerly with Victoria, did the pitching, while Bill Williams, the former Edmonton slugger, and this year with Spokane, made four hits out of five times up. All Bill did was to collect a triple, double and two singles during the afternoon.

A.E. Nash and Mrs. Hedley are Individual Tennis Championships

Tennis Championships For Season of 1915 Were Decided on Saturday at the Courts of the Edmonton Tennis Club, When the Successful Tournament Was Brought to a Close—Players Recognize A. E. Nash's Untiring Efforts by Presentation of Travelling Beg.

Alberta Tennis Champions

Men's open singles—A. E. Nash.
Men's open doubles—Yule and McKinlay.
Ladies' singles—F. L. Ferris singles—F. C. Casselman.
Handicap singles, A—D. R. Grant.
Handicap singles, B—R. S. Reid.
Ladies' open singles—Mrs. Hedley, Canmore.
Ladies' open doubles—Mrs. Beart and Miss Davies.
Alberta mixed doubles—Brown and Mrs. Beart.
Northern mixed doubles — McKnight and Mrs. Hedley.
Mixed handicap doubles—Casselman and Miss C. T. Watt.
Men's handicap doubles—Reid and McDonald.
Ladies' handicap singles — Miss Duncan.

The finals of the Alberta championships were played off on Saturday under perfect weather conditions, and witnessed by a crowd of over 200 tennis enthusiasts who were treated to some brilliant exhibitions. In no instance did the winners have an easy task, and the evenness of the players is demonstrated by a glance at the scores. The latter shows that the trophies were distributed among more prize winners than in any previous year.

Mrs. Hedley's win in the championship of Alberta was won by A. E. Nash of the Edmonton Club, he qualified for the final by defeating Hay on the 3 p.m. draw in two straight sets. On the next draw he met Casselman in the final and the game was unquestionably the best of the week. Nash gave a wonderful exhibition of volleying and it was owing in a large extent to excellency in this department of the game that his win was due. The first set went to Casselman 6-3, and it looked for a moment as if he would win comfortably, but Nash came back strong in the second set, which he won 6 to 2, and from that time on never looked back.

The ladies' open singles were productive of a very close game. Mrs. Hedley, of Canmore, won in straight sets, but although her opponent, Mrs. Beart did not take a set she scored almost as many points as the winner. In actual scoring in points being 109 to 97 in Mrs. Hedley's favor.

Men's Open Doubles

The men's open doubles witnessed the closest play of the day. Yule and McKinlay winning the sets out of four in a match that lasted two and one half hours. The team work of Yule and McKnight was particularly effective.

Brown and Mrs. Beart found Yule and Miss J. L. Watt a much stronger couple than they anticipated, and it was only after the closest game of three sets that they managed to win the ladies championship of Alberta. Mrs. Beart's cross court driving and Brown's overhead work and volleying proved too accurate for their opponents.

Mrs. Beart and Miss P. Davies won the ladies' open doubles, but too much credit cannot be accorded to Hedley and Mrs. Davies for the plucky fight they put up. The Northern mixed doubles was won by McKnight and Mrs. Hedley. This win proved somewhat of a surprise, as Lee and Miss P. Davies were looked upon as a very strong combination. F. C. Casselman won the cup for the F. L. Ferris singles, defeating D. R. Grant after three sets. Grant deserves credit for taking a set from such a strong player as Casselman, and with more practice will develop into a formidable opponent.

At the conclusion of the day's play G. C. Scott, the president of the Edmonton club, announced the list of winners, the new champions receiving an ovation from the gallery. The cups and prizes in the various competitions will be forwarded to the winners on Tuesday.

Presentation to A. E. Nash

After Mr. Scott's announcement, M. R. Hay of the Strathcona Club performed a pleasant duty, when on behalf of the players in the tournament he presented A. E. Nash with a handsome travelling bag as token of appreciation for his indefatigable services in connection with the present and also past Alberta tournaments. Mr. Nash responded in a neat speech, and the most successful tennis tournament ever held in Edmonton was brought to a fitting conclusion.

Mr. Nash particularly wishes to thank all the players in the tournament, not only for their kind appreciation of his efforts and their splendid gift, but also for their great help to him and the other members of the committee of the Edmonton Club in turning up promptly for games they were scheduled to play and for their sportsmanlike attitude during the entire week. Messrs. G. C. Scott, F. W. Brown and S. Hunter also rendered valuable services in the administration of tournament affairs.

The following are the results of the final games:

Men's Open Singles

A. E. Nash beat M. R. Hay, 6-4, 6-4.
A. E. Nash beat F. C. Casselman, 3-6, 6-1, 6-2, 6-2.

Men's Open Doubles

Yule and McKnight beat Kinnear and Hay, 4-6, 7-5, 6-4, 6-4.

F. L. Ferris Singles

INDIANS WERE BEATEN

TORONTO, Aug. 22.—Rosedales 10, Tecumsehs 2. The Rosedales captured the Queen City professional lacrosse league yesterday. At the end of the first period the score was 3 to 0, Indians 1, the score remaining unchanged at the end of the second. From that time on, however, the Rosedales ran away from their opponents. A small crowd witnessed the game.

FIELD MEET AT DIAMOND PARK

Starky, Duncan and Blades Won the Three Events On Baseball Program

Under the auspices of the Senior Baseball League, a field meet was held at Diamond Park on Saturday afternoon as a curtain raiser to the game between the Borden Club and All Stars. Starky, of the All Stars, and Dairy Club, threw the baseball 356 feet 6 1-2 inches, winning this event. While not quite doing justice to Bert Lejeune's record of 426 feet 9 1-2 inches, still Starky's throw was a record-breaker for an amateur. Jegan Blades, of the Dairy Club, captured 60 yards dash in seven seconds flat, while Duncan, of the Stars, circled the bases in 14 1-5th seconds, just one second slower than the world's record registered at Cincinnati by Hons Lobert. Following are the results of the meet:

Throwing the baseball for distance —Starky, 356 ft. 6 1-2 ins., first; Bagley, 338 ft. 9 1-2 ins., second; Tice, 338 ft. 3 ins., third.

60 yards club run—Blades, first; Bagley, second; Worth, third. Time, 7 secs.

Circling the bases — Duncan, 14 4-5th secs., won; Bagley and Marskell, 15 secs., second; Worth and Blades 15 1-5th secs., third.

SWIFTS WERE BEATEN

Swifts' soccer team, champions of Edmonton, did not progress very far on their journey towards the Alberta championship and the Bennett Trophy when they were defeated at Lloydminster on Saturday afternoon by a score of two goals to nil. The game was somewhat strenuous, and Hunter of the Swifts will be laid up for a couple of weeks owing to injuries sustained during the play. Lloydminster will meet Calgary Caltics on Saturday in the final.

CUMMINGS DOING WELL

Tommy Cummings and his Wheat City skate are doing very well on the Eastern tracks, and if Tommy is backing his horses across the board he is making good money. When McClintock ran second to Laughlin in a six furlongs race at Fort Erie on Wednesday last first place tickets returned $12, while show tickets paid $12. There were twelve horses started.

SENIOR B.B. LEAGUE.

The board of control of the Senior Amateur Baseball League will hold its final meeting of the season at the Knights of Columbus hall this evening (Monday), at 8 o'clock sharp. Every club is requested to be represented, as it is the intention to wind up all league business for the current season.

WENNIPEG DOG WINS

VANCOUVER, Aug. 22.—For the second year in succession Champion Clipstone Fitzabot, an Airedale terrier, owned by J. C. Fletcher, of Winnipeg, has carried off the honors as the best dog of any breed in the Vancouver exhibition dog show.

GILBERT ANDERSON WON ELGIN TROPHY COOPER IS SECOND

By Bulletin Leased Wire.

ELGIN, Ills., Aug. 22 — Gilbert Anderson, driving at an average speed of 77.25 miles an hour for 301 miles, won the Elgin Motor Trophy yesterday. Earl Cooper was second and Donnell third, and Ralph De Palma last year's winner, fourth.

The race between De Palma and O'Donnell for third place was so close that for a few minutes the result was in doubt.

Anderson won the trophy in 1913, De Palma's average in winning the event in 1914 was 75.5 miles an hour.

The leaders finished as follows:

Anderson, 3:54:25; Cooper, 3:57:-29; O'Donnell, 3:59:01; De Palma, 3:-59:18.

The finish yesterday reversed the order of Friday, when Anderson ran second to Cooper, the winner.

NORRIS WILLIAMS BEAT M'LOUGHLIN IN CASINO CUP MATCH

By Bulletin Leased Wire.

NEWPORT, R.I., Aug. 21—Tennis history repeated itself today in the victory of R. Norris Williams II., of Philadelphia, over Maurice E. McLoughlin, of San Francisco in the final round of the Casino Club, on the same courts on which Williams won from McLoughlin the title of National champion a year ago. The score was 5-7, 8-6, 6-3, 6-2.

As McLoughlin defeated Williams at Longwood three weeks ago in a four set match, the honors of the season between the leading tennis stars of the country now are even. Both are entered in the national tournament which begins at New York, Aug. 30.

Around the City

Ladies Are Invited.—The ladies of the Women's Canadian Club are invited to hear Hon. T. Chase Casgrain, post-master general, who addresses the Canadian Club at the Macdonald hotel at 12.45 today.

Among the passengers on board the White Star liner Lapland that was reported as docking safely in England yesterday was Percy A. McElwaine, of the law firm of Petrie and McElwaine, who left here three weeks ago to take a military training course with lins of Court officers training corps.

A deputation of agriculturists from North Wales is expected in the city on Tuesday next, and will be the guests of C. W. Sandles, chief reporter in the police court. The party will include Messrs. Namer, Heckels and Williams. Their idea in coming to Canada is to locate in some part of the West where they can engage in the ranching business, dealing particularly with Welsh live stock. If they can find what they wish they will take up a large tract of country for this purpose. Their object in visiting Edmonton is to see what can be done in this district in the line of business and if they can get land in this neighbourhood at a satisfactory price will locate here.

POTATOES ARE PLENTIFUL.

There are approximately 300 carloads of potatoes, with 600 bushels to the carload, available for export within a radius of five miles of the city of Edmonton, according to figures collected by Secretary Fisher, of the Board of Trade. About one carload will supply the immediate needs of the city, and as every person has a small patch in the back yard, the demand is slight on the market.

At the present time the secretary of the Board of Trade has offers which would permit of his selling from three to four hundred carloads at 30 cents a bushel f.o.b. Edmonton, if he could find a market for them. Many of the producers who live in the past years, been handling large quantities of potatoes, fear they are going to be overstocked, and are now watching for a favorable market to let them out even without profit.

AT THE MACDONALD.

Following are the latest arrivals at the Macdonald: R. Kennedy, Toronto; Ernest B. Henderson, Windsor, Ont.; Mr. Lucas, Montreal; F. J. Henderson, Vancouver; L. E. Evans, Nerhalka; M.C.; W. H. Cooper, Toronto; Mr. and Mrs. N. C. Sparas, Jasper; F. S. Saunders, Calgary; E. Callahan, Toronto; Mrs. Hayward and wife, Toronto; D. W. McIntosh and wife, Toronto; G. H. Cooper, Winnipeg; Wm. Aird and wife, Barrie, Ont.; Mr. and Mrs. H. C. Hersey, Calgary; W. N. Bl. Hood, Toronto; W. Hobin Winnipeg; Winnipeg; D. G. Kennedy, Winnipeg; C. P. Howe, M.C.; Hayward and wife; Alex. Galbraith and wife, Brandon; H. E. Bissell, Winnipeg; A. P. Willis, Montreal; L. J. Walls, Winnipeg; Mrs. S. S. Monroe, New York; S. E. Charlton, M.D., Galt, Ont.; F. W. Hess, Calgary; Reid, Gourlay and wife, Toronto; Mrs. Jennie Bunn, Toronto; Hon. Mme. T. Chase-Casgrain, Ottawa; J. M. Swaine, Ottawa; Alex. Barlin, London; Geo. A. Allen, R. Saunders, Calgary; F. B. Reid, Ottawa; Geo. H. Allen, Calgary; C. E. Heaphey, W. J. Chern, Miss M. Benson, Winnipeg; J. F. Porter, Calgary.

CARTAGE MEN'S TROUBLES

Some of the peculiarities of the city bylaws will perhaps get the cartage companies into trouble. According to the city bylaws certain classes of drays must have a five-inch tire on the wheels and it is prohibitive to carry more than two tons on a load. In view of this representations have been made to the board of trade to have the bylaw altered, and the matter be further been sent on to the mayor. The contention is that if the bylaw is pressed to the letter there is not one dray in the city which would comply with the bylaw, and that it would be necessary to have wagons built specially to comply with this law.

In so far as the load is concerned, the contention of the cartage companies is that if they are compelled to live up to the regulation which prevents them hauling more than two tons on the pavements they will have to increase their rates, which will revert back on the public with the result that Edmonton as a distributing centre will get a black eye.

The cartage companies claim that they are keeping only the best of horses and are paying extra wages to have them properly looked after, and that in no instance do they overload their wagons or abuse their teams as what they cannot afford to do when it is taken into consideration the price they have to pay for their animals.

The contention is that when a team weighing approximately two tons is not allowed to draw more than their own weight on a load that it will have to purchase inferior animals and employ cheaper men for the conducting of their work and that the chances are there will be abuses which do not now exist.

HON. MR. CASGRAIN POSTMASTER-GEN'L. VISITOR TO CITY

Hon. T. Chase Casgrain, postmaster general, arrived from Vancouver yesterday. Madame Casgrain accompanying him. The guests at the Macdonald. Yesterday afternoon the party visited St. Albert by motor. Hon. Mr. Casgrain will address the Canadian Club in the Macdonald at 12.45 p.m. today, and will be entertained by the Conservative Club this evening.

He goes east to Winnipeg on Tuesday morning.

Hon. Mr. Casgrain succeeded Hon. L. P. Pelletier in October last as postmaster general in the Borden government. He is a member of a very distinguished French-Canadian family and is a prominent member of the bar. He is one of the leaders of the Conservative party in the province of Quebec. He entered the Quebec legislature in 1886, and was attorney general of the province from 1891 to 1898. At the Dominion elections of 1896, when the Conservative party was defeated, he was elected to the House of Commons and sat in opposition until the elections of 1854. He re-entered public life in 1914 by accepting the portfolio of postmaster-general. He represents Quebec county. The postmaster-general is the son of the late Senator C. E. Casgrain, of Windsor, Ontario.

FRANCE MAY HAVE CABINET CRISIS

PARIS Aug. 22—All the morning papers discuss guardedly the secret session of the chamber of deputies set for next Thursday, at which time, it is expected Premier Viviani will personally give the explanations demanded by the deputies concerning the conduct of the war. The papers express the opinion that if the premier holds to his resignation that the cabinet stands or falls together, not allowing the singling out of any one minister for attack. A crisis may be expected.
